Profile

Bilingual (English/Spanish) Web Developer graduating May 2026. Strong foundation in Python, C++, and web development, with hands-on experience in data processing and full-stack applications. Proven campus leadership managing budgets and cross-functional teams.

Education

Emmaus University: B.S. Computer Science & Biblical Studies

Minor: Mathematics | GPA: 3.3 | Dean's List (2022–2025) | Expected Graduation: May 2026

Experience

Software & Data Intern | FrontYard Inc. | Aug 2025 – Dec 2025

- Processed 50+ app locations weekly using Python and AI-powered tools.
- Validated structured data and uploaded curated content into CMS.
- Improved data consistency and platform reliability by validating structured location data at scale.

Tutor (Math & Computer Science) | Emmaus University | Aug 2024 – May 2025

- Tutored 5 students weekly through one-on-one and group sessions, adapting explanations to individual learning styles.

AV Technician | Emmaus University | Aug 2024 – Present

- Supported 2–4 campus events weekly; set up and troubleshoot AV systems.

Front Desk Assistant | Emmaus University | Aug 2023 – Present

- Assisted visitors and handled daily calls to support office operations.
-

Leadership

Student Government, Emmaus University | Aug 2023 – Present

- **Vice President (2025–Present):** Led 7-member team; organized 10–15 events/semester.
 - **Treasurer (2024–2025):** Managed \$11,500 biweekly budget with accurate tracking.
-

Senior Project

The Coffee Bean Web App | Jan 2026 – Present

- Built a full-stack order-ahead web app using a Linux-hosted LAMP stack.
 - Ensured database connectivity with the front end responses.
 - Developed responsive front end (HTML, CSS, JavaScript) and admin dashboard.
-
